## **APOLOGIA'S MISSION**

Our mission is to help homeschooling families learn, live, and defend the Christian faith.

## **DESIGNED WITH PURPOSE**

At Apologia, our purpose is to support homeschool families in making a different choice for their children's education by focusing not just on their academic success, but on their understanding and love of God as their Creator.

When you bring Apologia's creation-based curriculum into your home, your children will discover the awe and wonder of God's Creation and cultivate a lifelong love of learning with books that come to life on the page.

We pray that as your children learn and grow, they will see God's handiwork and know that — everything visible and invisible, in their back yard or the farthest reaches of the universe — is connected directly to our wonderful Creator.

*The Apologia Family*

Subscribe to the **Let's Talk Homeschool** podcast and hear Davis and Rachael Carman share homeschool stories, practical advice, and Godly encouragement.

# Build a Strong Math Foundation

"This math has been a game changer in our house!"

**Open-and-Go with  
Minimal Prep  
Required**

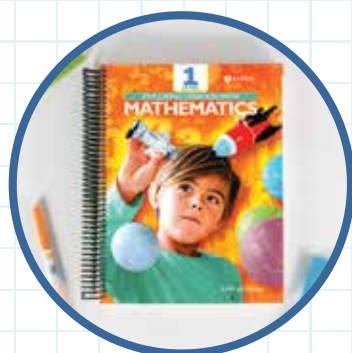

**Short, Hands-on  
Lessons Your Kids  
Will Love**

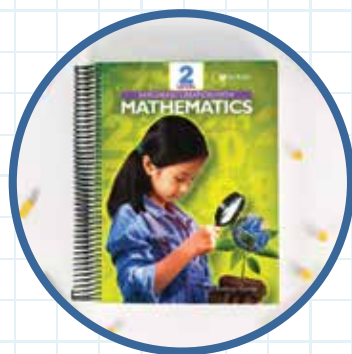

**4-Day Suggested  
Daily Schedule  
Included**

**Encourages  
Mastery with  
Built-in Review**

"Apologia math is working incredibly well for my child. Each lesson incorporates mastery with a smidge of spiral review included. It's the perfect blend for my son without being overwhelming."

"This math program can accomplish in 28 weeks what many other programs need 36 weeks to accomplish! My daughter is more confident, doesn't cry about math time, and is making incredible progress!"

**Basic Set**

**\$76.95**

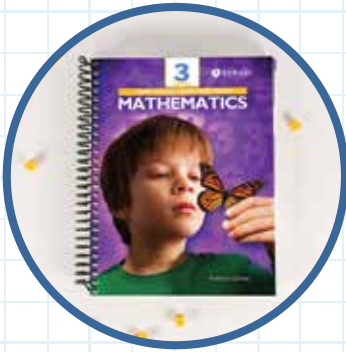

- Student Workbook
- Teaching Guide and Answer Key

**Student Workbook**

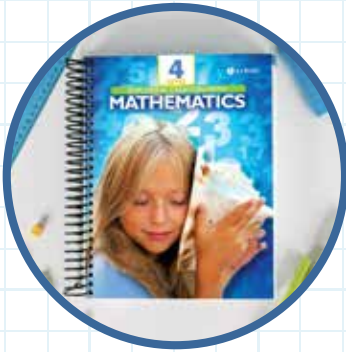

**\$58**

**Teaching Guide &  
Answer Key**

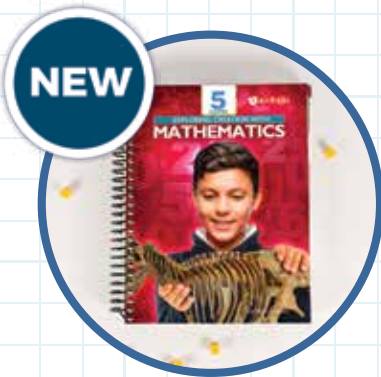

**\$23**

"I simply cannot say enough about your AMAZING math program! It is PERFECT! This child, who hated math last year, is finishing up ahead of schedule and wants to keep going rather than taking a break until the fall!"

"Love this math! As a high school math teacher, I planned to just teach my children on my own when I decided to homeschool. This program is designed exactly how I would have done it myself! Easy to follow, not overwhelming, and the extras and optional additions are fabulous!"

In *Exploring Creation with Mathematics*, Level 5, students learn about whole numbers, fractions, decimals, geometry and measurement, percents, and graphing. Students will learn to see connections between math, science, business, art, our world, and our universe.

# Empower Your Student with Self-Paced Learning

with an All-in-One, Online Learning Experience

## Apologia's Self-Paced Online Science Courses Include:

- **Textbook** - Access a digital version of the textbook
- **Audiobook** - An audio narration of the textbook enhances online reading, and is beneficial for auditory learners or students with reading difficulty
- **Video Instruction** - Marine Biologist, Sherri Seligson, provides engaging video instruction for each lesson in the course
- **Hands-on Experiments** - Easy-to-do at-home experiments are featured in the video instruction to help students conduct hands-on experiments themselves
- **Review Questions and Answers** - On Your Own and Study Guide materials are included, and students will have access to the answers to these questions
- **Graded Assessments** - Tests throughout the course will be automatically graded. This feature allows students to have immediate results and independence

**Start your self-paced learning journey  
today at [apologia.com/self-paced](https://apologia.com/self-paced).**

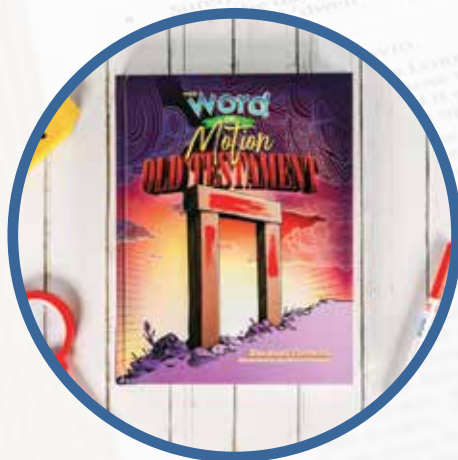

# Equip Your Student for a God-honoring Future

with Rich Curriculum Written from a Biblical Worldview
